Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Monday 27 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Tuesday showers, followed by heavy rain arriving from the west.

This Evening and Tonight:
Clear periods, breezy and with a few showers. These mainly affecting western areas, the Isle of Wight and English Channel coasts until later tonight when cloud increases from the southwest, bringing scattered showers to many areas. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Generally cloudy with showers, sometimes heavy, before a band of heavy rain arrives across western areas through the afternoon. Becoming breezy inland, windy along the coast. Highest temperatures in London. Maximum temperature 18 deg C (64 deg F).

Outlook for Wednesday to Friday:
Becoming dry Wednesday once showers eventually clear east. Showers or longer spells of rain for Thursday and Friday, these sometimes heavy. Temperatures near or slightly below average. Windy, especially Friday.
